

The octophonic sound diffusion system for the ICSC2017 is an 8.2 system consisting of:

- 8 Electro-Voice ETX-10P active two-way monitors
- 2 Genelec 7070A active subwoofers (each subwoofer serves four monitors)

The eight main monitors are distributed in a regular octagon, with channel 1 being Front Left (-22.5°), and the rest of the channels 45° apart in **clockwise** direction: -22.5, 22.5, 67.5, 112.5, 157.5, 202.5, 247.5, 292.5 (0°: front).
